

My Trip to The WaterShed

Today, I am going on a field trip to the WaterShed!

When we arrive, we will be greeted by staff and go into the building.

Once inside I can hang my coat and backpack if I want to, or I can carry it.

The field trip leader will go over the rules.

We need to remember our inside rules:

- Listen carefully to the speaker.
- Use walking feet inside.
- Respect the people and things around us.

If I need to use the bathroom, I can ask my teacher, chaperone, or field trip leader for help.

The WaterShed can get loud. I can ask for headphones to help with the noise.

The field trip leader will lead me through building. First, I will sit in a circle on the floor and listen to the field trip leader. I can ask them questions.

Then, I will get free time to explore the exhibits.

In the next room, I will sit on the bench and listen to the field trip leader again. I can ask them questions.

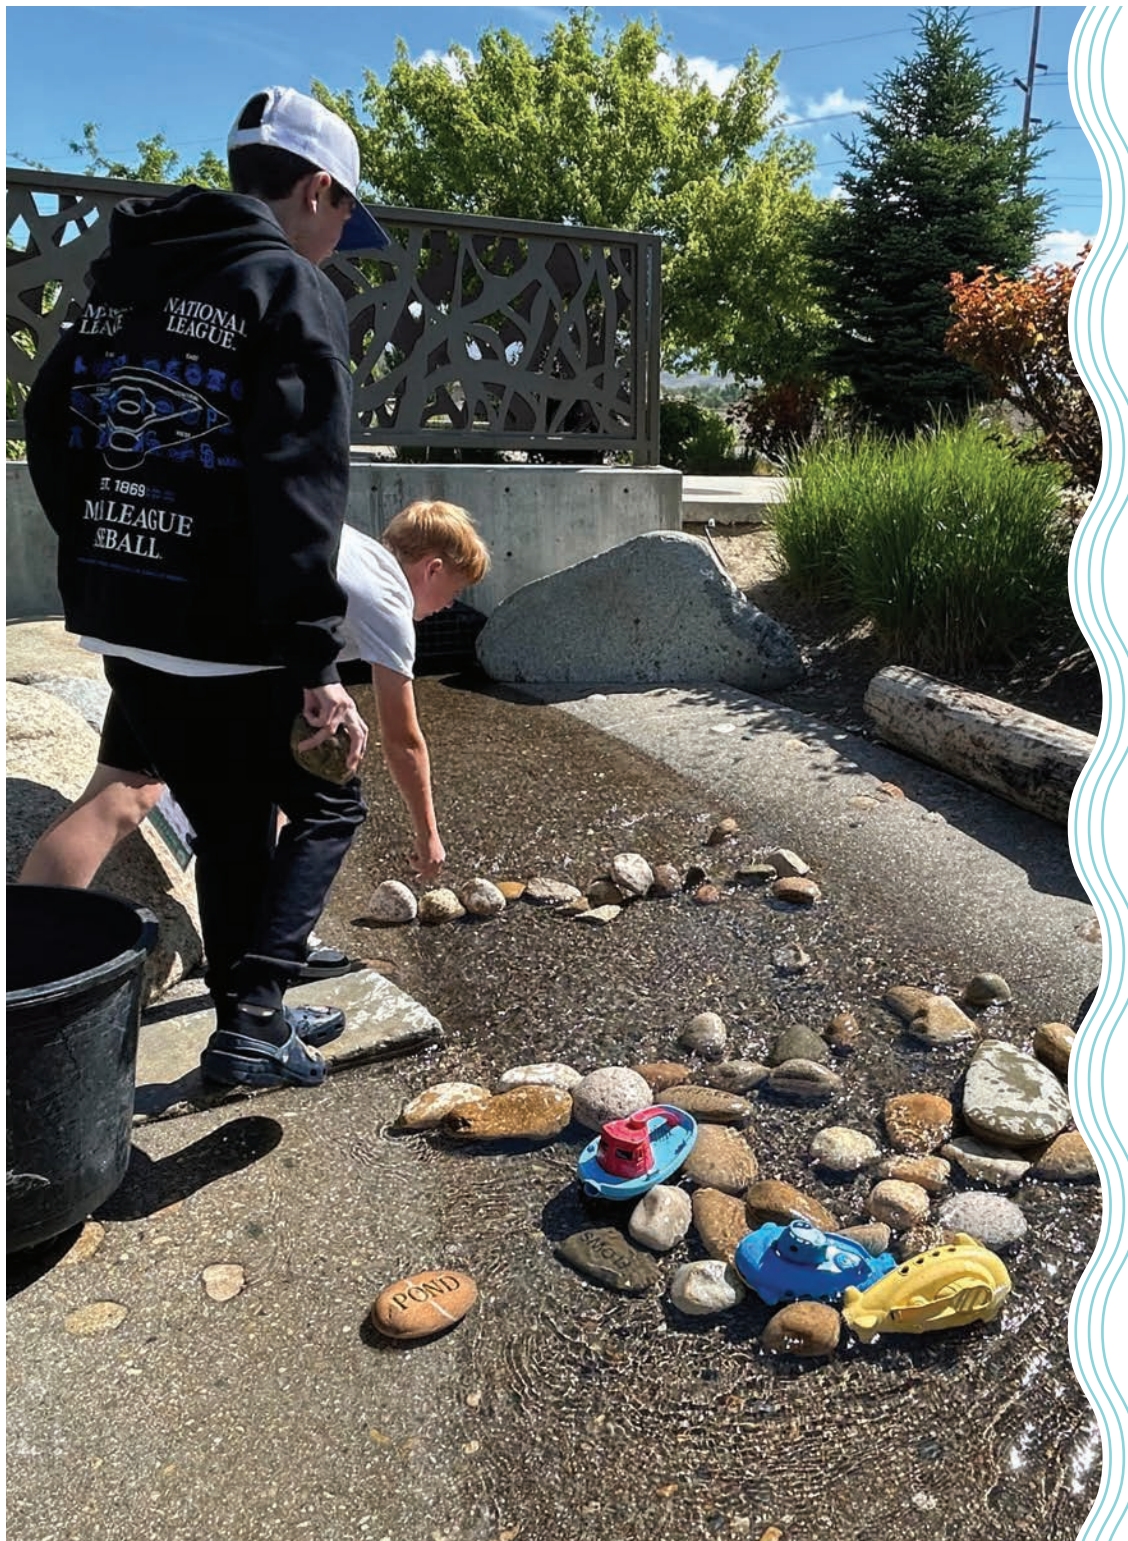

We will spend about one hour in the exhibit hall.

We can go into the Snow Theater. It is a dark and small room. I can choose if I want to play in that room.

**We might spend time outside on our field trip.
We might play outside in the River Campus, or
hike to the Boise River or ponds.**

We have rules for the River Campus:

- Walk, don't run. Some surfaces are slippery.
- Don't climb into the water.

We have rules for the hike to the Boise River or ponds:

- Stay together.
- Keep our voices low so we don't scare wildlife.
- Don't throw anything in the water.

There are people here to help me if I have any questions.

**At the end, I will make sure I have all my things.
And then board the bus to go back to school.**
